

# SECURITY INFORMATION AND EVENT MANAGEMENT as a SERVICE (SIEMaaS)

## SERVICE OVERVIEW

Legato Security's SIEM-as-a-Service is delivered through a combination of industry leading SIEM tools, security analysts, and threat hunters working around the clock. By implementing a SIEM-as-a-Service security solution, customers benefit from a cost effective and scalable SIEM solution that leverages the knowledge and expertise of our U.S.-based SOC and helps reduce overhead maintenance costs and institutional security risks.

## SERVICE CAPABILITIES

### MANAGED SECURITY 24/7/365

Legato Security's U.S.-based security staff provides security every minute of every day.

### CUSTOMIZED

Legato Security's engineers tune SIEM rules, correlations, and alerts to minimize false-positives.

### ACTIONABLE REPORTING

Threat intelligence delivers a deeper understanding of customers' systems and events.

### CLOUD-BASED & SCALABLE

Legato Security's protection scales with the growth of customer organizations.

## BUSINESS OUTCOMES

### SUPPORT EXISTING

**RESOURCES** Legato Security's SIEMaaS frees up customers' IT and security teams for business-critical tasks.

### INCREASED OPERATIONAL EFFICIENCY

Automate routine tasks like log management, threat detection, and response to ensure smooth daily operations.

### STREAMLINE DAY-TO-DAY

Legato Security SIEMaaS reduces maintenance needs for customers, as much of this work is handled by Legato Security.

### CLASS-LEADING TECH

Leveraging state-of-the-art tools keeps clients' security at the cutting-edge.

## ONBOARDING

Legato Security staff work closely with customers' IT staff to understand current tools and security ecosystem, then deliver a customized deployment with dedicated and hands-on staff.

## DEPLOYMENT

Once the appropriate access, controls, and policies are in place, Legato Security will deploy your security platform.

## OPERATIONS

Legato Security's team of security experts begin monitoring and managing the customer's environment the minute deployment is completed.

## REPORTING

Regular reporting on events, remediation, and analytics help customer organizations meet compliance and regulatory requirements.

## WHY LEGATO Security SIEMaaS?

### FULL SERVICE SOC

Legato Security's SOC operates 24x7, ensuring that our customers are protected from cyber attacks every minute of every day. Designed to augment and support a customer's existing security team, the Legato Security SOC will:

- Detect, triage, and correlate every alert
- Prioritize threats for remediation, saving customers time and money
- Respond and remediate threats on behalf of the customer

### LEADING TOOLS AND PROCESSES

Legato Security's vendor agnostic approach means that our SOC will manage and optimize a customer's existing set of security tools, eliminating the need to rip and replace their original investment.

- Immediate ROI by leveraging existing tools and pairing them with a team of security experts to streamline operations
- Flexible architecture and system integrations
- The ability to select best-of-breed technologies to compliment your existing security solutions

### WE SCALE WITH YOUR ORGANIZATION

Legato Security's open security platform allows us to build and scale a security solution that fits your business now, and in the future.

- With services that range from strategic and advisory services through fully managed network security, Legato Security has a service for any size organization
- Select the appropriate tools and solutions for your organization's current needs
- As your organization matures, Legato Security will be with you every step of the way by creating a tailor-made security plan that scales with your needs

## THE VALUE OF SIEMAAS

### ALWAYS-ON

24/7/365 monitoring means customers' coverage isn't limited to business hours.

### ACTIVE REMEDIATION

Legato Security actively mitigates, isolates, and eliminates threats as they occur.

### SAVINGS

Working with Legato Security means lower overhead and no need to recruit, train, and retain security staff.

### SECURITY

We employ a 100% US-based security staff, who use the most sophisticated monitoring tools available to keep customer network and data assets safe.

*"Leveraging Legato Security's SIEMaaS has helped us identify and respond to threats faster than ever before."*
